ATTACKS AGAINST HOXHA'S PARTY
CONTINUE IN NORTH ALBANIA

It is reported from reliable Albanian sources that under the typical Yugoslavian and Albanian comment "continued violations of territory" of these two countries, a bloody and destructive struggle is being carried out mainly in the areas of northern Albania.

Battles, murders, and sudden attacks have been launched against the divisions of Enver Hoxha in the mountainous and inaccessible areas around Mindhita, Alessio and Scutari. Hoxha's divisions have been unable to control the Ghegs of northern Albania.

The inhabitants of these mountainous areas of Albania constitute a rebellious mass with a common objective of violent opposition and attack against the sympathizers of Hoxha in Tirana.

Followers of former King Zog, balistai, titikoi*, [transliterations] and the dissatisfied chieftains continually clash with Hoxha's party, though there is usually no mutual cooperation among the bands. Even without this cooperation, however, an intolerable situation has arisen for Hoxha's party which presents serious dangers for him.
